(2)M8x20 Bolt-g

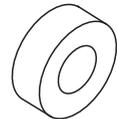

(2)M5x12x1.2mm  
Washer-h

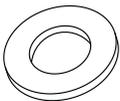

(2)M6 Washer-i

(2)M8 Washer-j  
1.2mm thickness

(2)Plastic Spacer-k  
5mm thickness

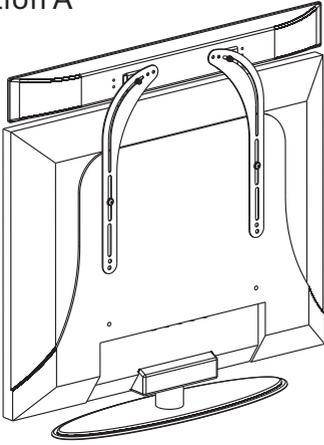

(2)M8 Washer-l  
2mm thickness

## Before Starting

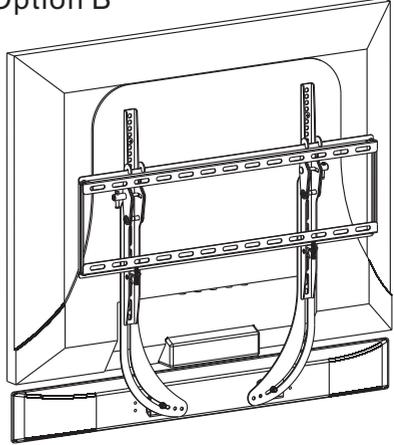

There are few methods to install your soundbar with soundbar mount

Option A

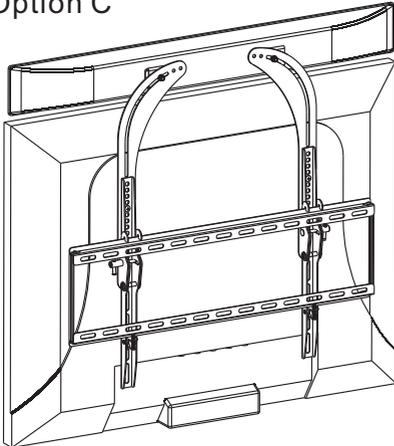

Put TV on the table. Install soundbar mount on the back of TV. Soundbar located at the top of TV.

Option B

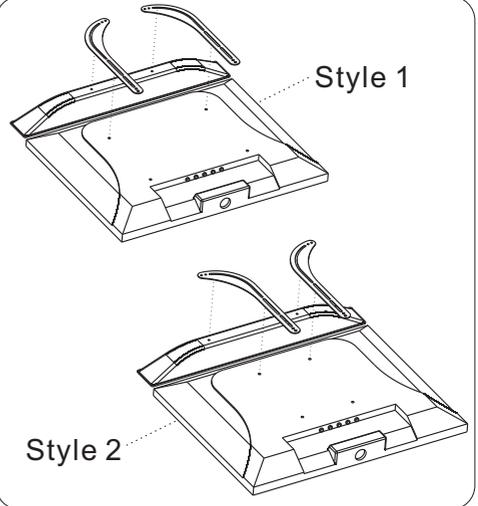

Install soundbar mount and TV mount together on the wall, soundbar located at the bottom of TV.

Option C

Install soundbar mount and TV mount together on the wall, soundbar located at the top of TV.

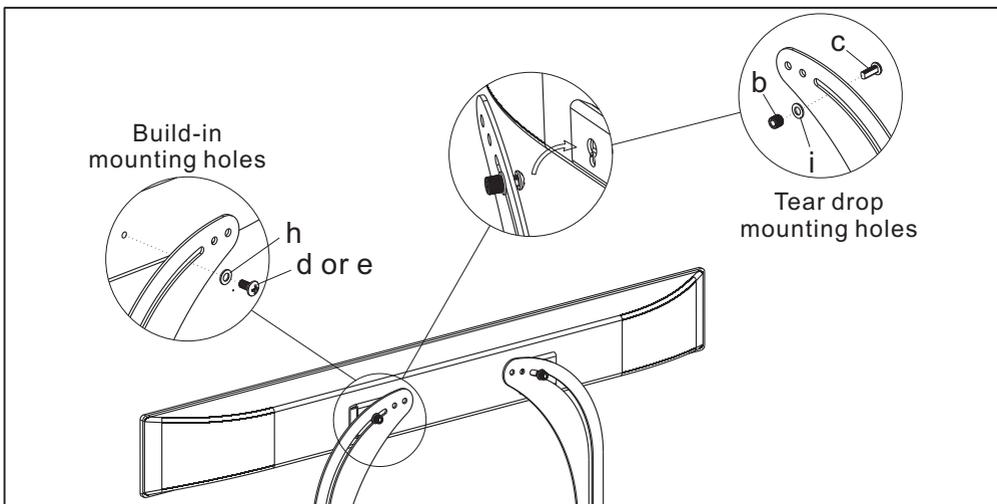

According to the mounting hole span, the soundbar bracket can be installed either in style 1 or style 2. The manual will illustrate the style 1.

For Option A, please follow the step 1 and 2A.  
For Option B and C, please follow the step 1 and 2B.

**Step 1**

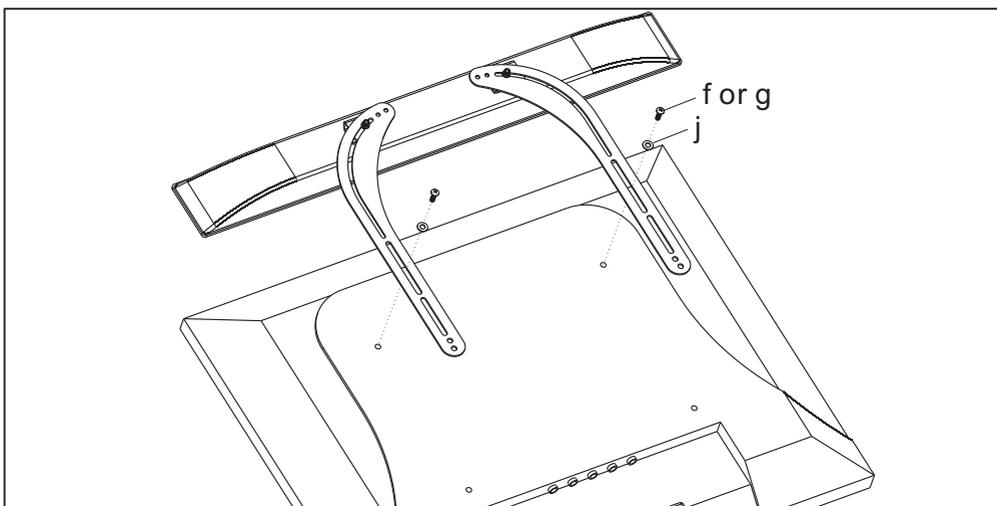

Install the Soundbar Brackets to the Soundbar

For a soundbar with tear drop mounting holes, attach Soundbar Bracket(a) to the soundbar with M6x16 Flat Head Bolt(c), M6 Washer(i) and M6 Nut(b). For a soundbar with build-in mounting holes, attach the Soundbar Bracket(a) to the soundbar with Bolt(d or e) and Washer(h).

**Step 2A**

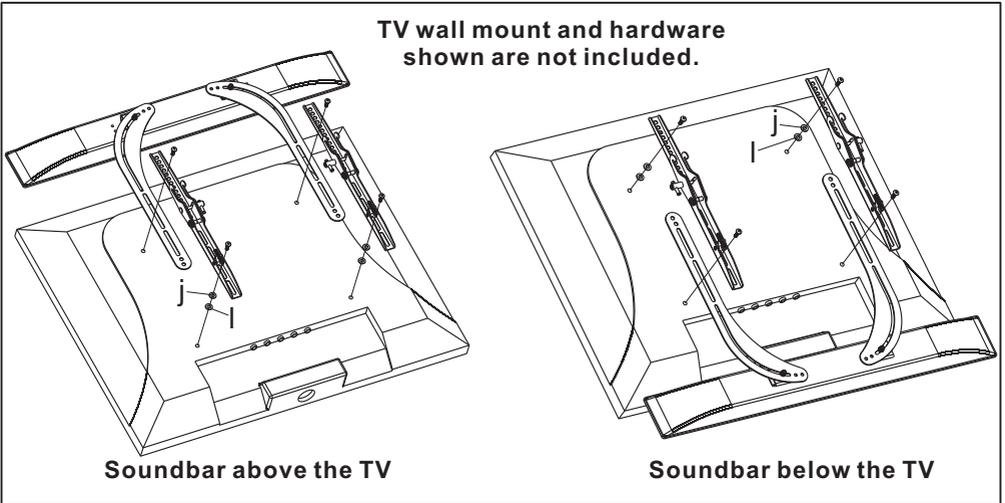

Attach the Soundbar Brackets to the back of TV(For TV on table)

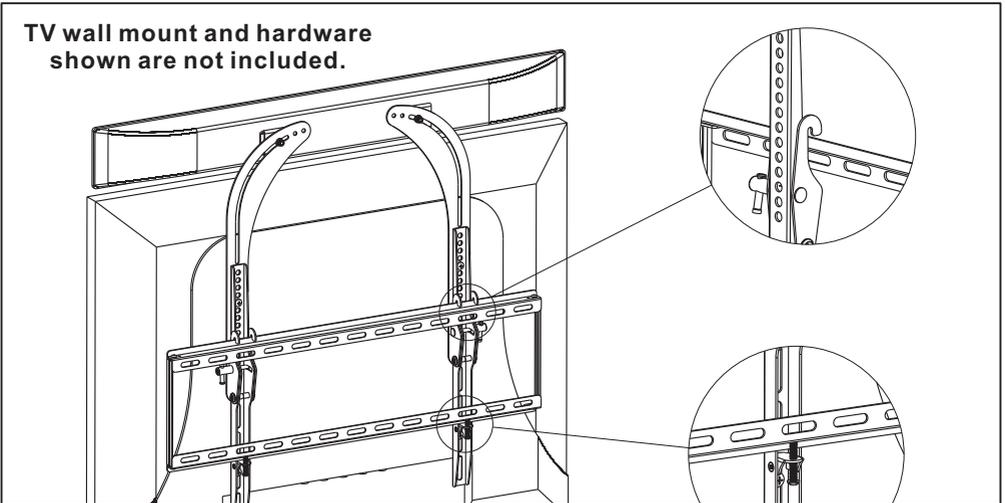

Attach Soundbar Bracket(a) to the back of TV with Bolt(f or g) and washer(j), using the Spacer(k) if the bolts are too long.

**Step 2B**

Attach the Soundbar Brackets to the back of TV(For TV on wall)

If you are installing the soundbar mount and TV mount together on the wall, attach both Soundbar Bracket(a) to the back of TV using bolts from TV mounts. Using 1.2mm thickness M8 Washer(j) and 2mm thickness M8 Washer(l) as above diagram. The soundbar can be mounted above or below the TV as shown.

**Thank you for choosing our products!**
