

Fixed Ceiling Projector Mount - Low Profile

SPM01W / SPM01B | Approx. 135mm drop

A low-profile fixed ceiling projector mount designed to keep the projector close to the ceiling. Its independently adjustable 3 or 4 arm mounting system suits a wide range of projector mounting patterns, while +/-30 degree projector angle adjustment allows accurate levelling and image alignment.

KEY FEATURES

Low-profile fixed design

Approx. 135mm from ceiling to projector mounting base.

Universal adjustable mounting arms

Suit a wide range of LCD and DLP projectors.

Flexible 3 or 4 arm configuration

Independently adjustable arms suit varied mounting-hole patterns.

Up to 320mm arm spread

Expandable to 380mm with optional extension legs.

+/-30 degree projector adjustment

Allows accurate image alignment and levelling.

Integrated cable management

Keeps projector cabling neat and concealed.

15kg maximum load

Solid aluminium construction for long-term reliability.

TECHNICAL SPECIFICATIONS

Model	SPM01W / SPM01B	Mount type	Fixed ceiling
Ceiling-to-base drop	Approx. 135mm	Overall mount height	Approx. 156mm
Maximum load	15kg	Projector adjustment	+/-30 degrees
Arm configuration	3 or 4 arm	Maximum arm spread	320mm / 380mm optional
Ceiling plate	107 x 95mm	Ceiling type	Flat ceiling
Construction	Aluminium	Colours	White or black

INSTALLATION NOTE

Fixed-height design for flat-ceiling installations. Check projector weight and mounting-hole positions before installation. For additional drop or sloped ceilings, use the SPM02, SPM03, SPM04 or SPM05 series.
