

Adjustable Ceiling Projector Mount

SPM04W / SPM04B | 700-1170mm adjustable drop

A versatile long-drop ceiling mount for higher ceilings and installations requiring additional positioning flexibility. The adjustable ceiling plate suits both flat and sloped ceilings, while the universal projector interface supports a wide range of LCD and DLP projectors.

KEY FEATURES

- 700-1170mm adjustable drop**  
Positions the projector at the required height.
- Sloped ceiling compatible**  
Adjustable ceiling plate for angles up to 45 degrees.
- Universal projector fit**  
Flexible 3 or 4 arm mounting configuration.
- Up to 320mm arm spread**  
Expandable to 380mm with optional extension legs.
- +/-30 degree projector adjustment**  
Allows accurate image alignment and levelling.
- Integrated cable management**  
Routes cabling neatly through the mount.
- 15kg maximum load**  
Durable aluminium construction.

| TECHNICAL SPECIFICATIONS |                  |                      |                                 |
|--------------------------|------------------|----------------------|---------------------------------|
| Model                    | SPM04W / SPM04B  | Mount type           | Adjustable ceiling              |
| Drop range               | 700-1170mm       | Maximum load         | 15kg                            |
| Ceiling angle            | Up to 45 degrees | Projector adjustment | +/-30 degrees                   |
| Arm configuration        | 3 or 4 arm       | Maximum arm spread   | 320mm standard / 380mm optional |
| Construction             | Aluminium        | Colours              | White or black                  |

**INSTALLATION NOTE**  
Check projector weight and mounting-hole pattern before installation. For very high ceilings requiring more than 1170mm drop, use the SPM05 series.
