Who Are We?

Your Technology Bracket & Mount Supplier

Formed in 2008, SureMount has a proud history or supplying quality brackets and mounts to the NZ market.

SureMount has a significant number of bracket options for all TV/screens, projectors and AV equipment. With a variety of size/weight options available, several of our brackets are designed and made specifically for the NZ market to accommodate the 600mm wall studs. While this isn't essential for every bracket, when installing the larger screens and heavier cantilever brackets this will give you added piece of mind and security.

"You can be sure of SureMount"

SureMount has a long history of partnering with NZ companies to provide bracket and mounting solutions at a competitive price.

Do you have a login to our website that allows you to access your preferential pricing? If not, please let us now and we can set you up allowing you to order right away.

Based in the beautiful Mount Maunganui, we can courier your products to you overnight in the North Island, two-day delivery for the South Island and three-four day for Rural delivery.

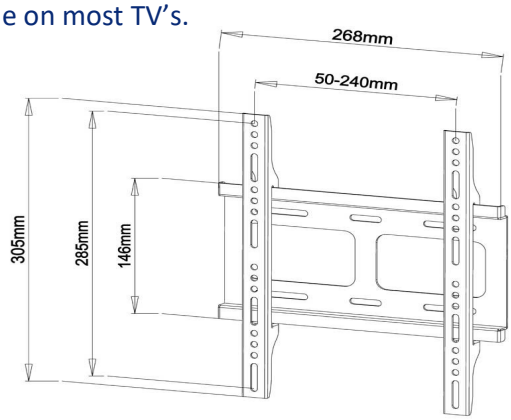
Fixed Brackets

SF01 – Fixed LCD/LED Bracket 19” – 32”

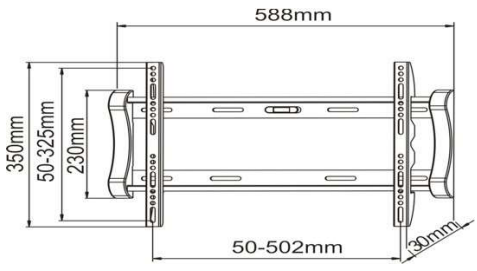
The **SureMount®** SF01 Fixed LCD/LED Bracket is perfect for small flat panel TV’s. It is especially good for models that are VESA 200x200 (which is most of the 19” – 32” TV’s on the market. It is a universal fit and is very easy to install. Its low profile makes it virtually invisible from the side on most TV’s.



SPECIFICATIONS	
LCD/LED Size	19” – 32”
Maximum Weight Capacity	35 Kgs
Distance From Wall To TV	24mm
VESA	Max VESA 200x200mm
Colour	Black
Application	Fits almost unseen behind any TV

SF02 – Fixed LCD/LED Bracket 32” – 40”

The **SureMount®** SF02 Fixed LCD/LED Bracket is perfect for medium flat panel TV’s. It is especially good for Sony Bravia’s and Samsung LCD’s. It is a universal fit and is very easy to install. Its wide gap makes it easy to put your cables in the right position.



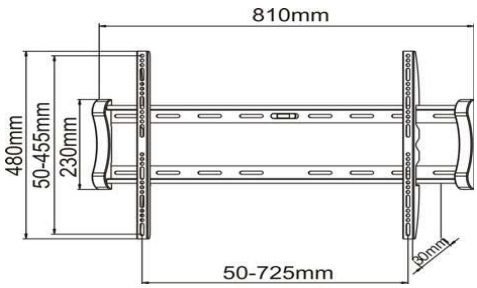
SPECIFICATIONS	
LCD/LED Size	32” – 40”
Maximum Weight Capacity	45 Kgs
Distance From Wall To TV	30mm
VESA	Max VESA 400x200mm
Colour	Black
Application	Fits almost any 32” – 40” LCD/LED TV

Fixed Brackets

SF03 – Fixed LCD/LED Bracket 42” – 60”

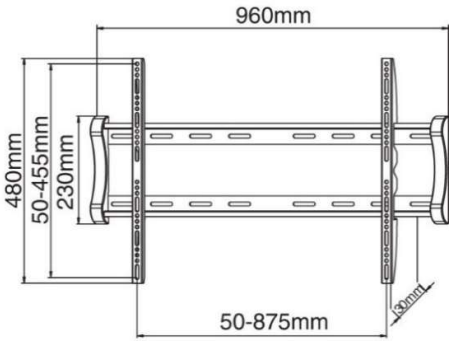
The **SureMount®** SF03 Fixed Plasma/LCD/LED Bracket is perfect for large flat panel TV’s. It is especially good for Plasma TV’s and larger than 46” LCD/LED TV’s. It is a universal fit and is very easy to install. Its wide gap makes it easy to put your cables in the right position.

SPECIFICATIONS	
LCD/LED Size	42” – 60”
Maximum Weight Capacity	60 Kgs
Distance From Wall To TV	30mm
VESA	Max VESA 600x400mm
Colour	Black
Application	Fits almost any 42” – 60” LCD/LED/Plama TV



SF04 – Fixed LCD/LED Bracket 46” – 85+”

The **SureMount®** SF04 Fixed Plasma/LCD/LED bracket is perfect for large flat panel LCDs, LEDs and Plasmas. It is especially good for Panasonic Viera plasmas, Pioneer Kuro plasmas, and any 46” and above LCD/LED’s. It is universal fit and is very easy to install. Its generous cable gap makes it easy to put your cables in the right position. Comes with full mounting kit for wall and TV fixing



SPECIFICATIONS	
LCD/LED Size	46” – 70”+
Maximum Weight Capacity	100 Kgs
Distance From Wall To TV	30mm
VESA	Max VESA 600x400mm*
Colour	Black
Application	Fits almost any 46” and bigger LCD/LED/Plama TV

*

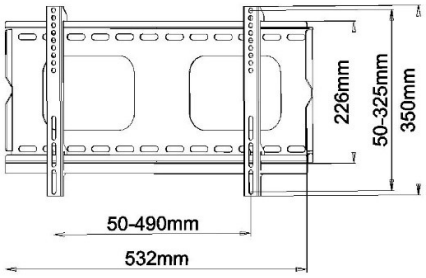
*Can be extended to VESA 800x800 with SADAPTOR8 extension arms

Super Slim Fixed Brackets

SFSS01 – Super Slim Fixed LCD/LED Bracket 23” – 40”

The **SureMount®** SFSS01 super slim is one of the world’s slimmest bracket at only 24mm from the wall. Makes the TV look like it’s almost stuck on the wall. With LCDs and LEDs getting slimmer, the super slim is a real statement in looks and quality. Also comes with a locking bar for added security. Comes with full mounting kit for wall and TV fixing.

SPECIFICATIONS	
LCD/LED Size	23” – 40”
Maximum Weight Capacity	45 Kgs
Distance From Wall To TV	24mm
VESA	Max VESA 400x300mm*
Colour	Black
Application	Fits medium LCD/LED TV’s



*Also used for mounting TV’s in portrait with SAdaptor8 Extn Arms

SFSS03 – Super Slim Fixed LCD/LED Bracket 40” – 60”

The **SureMount®** SFSS03 super slim is one of the world’s slimmest brackets at only 24mm from the wall. Makes the TV look like its almost stuck on the wall. With Plasma, LCD and LED TVs getting slimmer, the super slim is a real statement in looks and quality. Also comes with a locking bar for added security. Multi Screen Systems

Profi System

Exclusive in New Zealand, the SureMount® Profi system is a professional display stand and multiscreen construction system that caters for any number of screen layouts (maximum of three screens high). The high-end European design is robust and strong whilst still giving an elegant brushed aluminium stylish look suitable for any boardroom or conference/meeting room. Systems can be designed to be mobile, stationery or fixed (floor, wall or ceiling), and can cater for 40” to 98” screens. Additional features like camera holders and shelves allow us to put together a tailor-made solution that meets your needs.

- Standard Supports: Used for one TV systems where lining up several TV’s is not required.
- Multi Supports: Good for mobile/fixed multi-screen systems where TV’s need to be lined up.
- Popup Supports: These are used for wall mounted systems where access to cabling is restricted.

Professional Display Stand

The Professional Display Stand is the ideal solution for TV screens that can't be attached to the wall. Either mobile – which is perfect when screens are needing to be used in multiple spaces, or free standing/fixed solutions, they are robust, yet refined. With added extras such as camera holders and/or shelving, the stands are easily customised to hold AV equipment and laptops required for presenting. Cable management is built into the poles to give a clean uncluttered look and feel. Industrial rollers allow for easy manoeuvrability, while still feeling secure. Heavy duty bases for the free-standing system ensure that your display stand is stable and not top-heavy.

Multiscreen Construction System

The Multiscreen Construction System is perfect for large corporates, function venues, race tracks and other businesses that require multiscreen video walls. Different bracket options cater for the many different installation offerings allowing for easy levelling adjustment and cable management. Whether you are requiring a configuration that is wall mounted orceiling mounted, we have a solution. The Multiscreen Construction System can be customised to suit your setup and be changed as your needs change. Tailored to all sized screens (even the extra-large/heavy screens), it is adaptable, professional and attractive.
