

SureMount 2 × 1 TV Ceiling Mount – Fixed Arms

Professional video wall mounting solution for two screens side by side

32" – 55"
Screen Size

30kg
Per Screen

VESA
Up to
400x400mm

580 – 1550mm
Vertical Drop

Landscape
or Portrait

The SureMount 2 × 1 TV Ceiling Mount is designed for professional video wall installations, supporting two screens side by side in either landscape or portrait orientation. Built with a modular aluminium rail system and fixed TV arms, this solution delivers strength, precision and flexibility for a wide range of commercial and residential environments.

MODULAR & SCALABLE

Aluminum support rails can be extended to create larger video wall configurations as your display needs grow.

LANDSCAPE OR PORTRAIT

Supports both landscape and portrait screen orientations to suit your content and space.

MICRO HEIGHT ADJUSTMENT

10mm micro-adjustment allows fine tuning of screen height for perfect alignment across the video wall.

EASY INSTALLATION

Straightforward design with fixed arms that clip onto the rail for quick and simple screen installation.

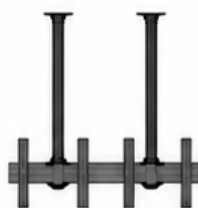

STRONG & RELIABLE

High quality steel and aluminum construction with a durable black powder-coated finish for long lasting performance.

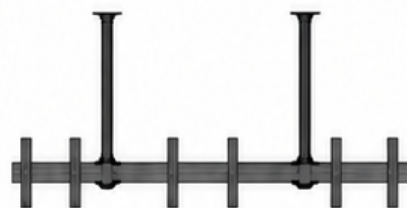

MODULAR & EXPANDABLE SYSTEM

Need bigger screens or more screens?
No problem.

Add extra poles and aluminium rails to build larger and taller video wall configurations with ease.

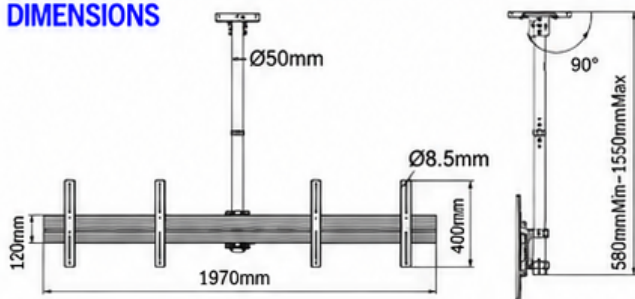

2 × 1 (Standard)

3 × 1 Configuration

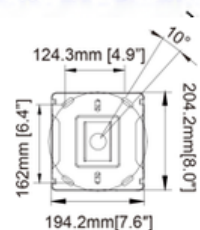

Extend the rail to fit more screens • Add poles for larger screens or more drop
Build the perfect solution for your space.

Rail Height	120mm
Finish	Black Powder Coated Steel & Aluminium
Mount Type	Ceiling Mount
Warranty	2 Years

STABILITY RECOMMENDATION

The standard configuration uses one ceiling plate and pole. For improved stability—especially with larger screens, heavier loads or in high-traffic environments—a second ceiling plate and pole is recommended.

Recommended dual pole
installation for enhanced stability.

NEED HELP?

Our team can help design the perfect video wall solution for your project.

- Screen size(s) and VESA
- Number of screens & configuration (e.g. 2x2)
- Landscape or portrait orientation
