

SureMount 3 × 1 TV Ceiling Mount – Fixed Arms

Professional ceiling-mounted video wall solution for three screens side by side

32" – 55"

Screen Size
Larger screens possible with extended rails

30kg

Per Screen

VESA

Up to 400×400mm

580–1550mm

Vertical Drop
(extendable in 80mm increments)

Landscape

or Portrait

The SureMount 3 × 1 TV Ceiling Mount is designed for professional multi-screen installations, supporting three screens side by side in either landscape or portrait orientations. Two ceiling poles support the modular aluminium rail system, while fixed TV arms provide a secure installation with 10mm micro height adjustment for precise screen alignment. Ideal for real estate window displays, retail signage, menu boards and other commercial environments.

MODULAR & SCALABLE

Aluminium support rails can be extended to create larger video wall configurations as your display needs grow.

LANDSCAPE OR PORTRAIT

Supports both landscape and portrait screen orientations - ideal for digital signage and real estate window displays.

MICRO HEIGHT ADJUSTMENT

10mm micro-adjustment allows fine tuning of each screen for precise alignment across the video wall.

EASY INSTALLATION

Fixed arms clip onto the rail for quick, secure and straightforward screen installation and servicing.

CABLE MANAGEMENT

Cable management components help keep power and signal cables organised.

COMMERCIAL GRADE

Black powder-coated steel and strong aluminium rails for a durable, professional installation.

IDEAL APPLICATIONS

- ✓ Real estate office window displays
- ✓ Retail storefront digital signage
- ✓ Menu and hospitality displays
- ✓ Corporate and commercial spaces
- ✓ Control and monitoring rooms
- ✓ Public information displays

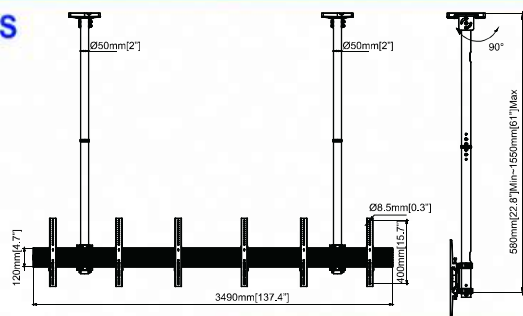

MODULAR & EXPANDABLE SYSTEM

Need bigger screens or more screens? No problem. Add extra rails, poles and mounting arms to create custom configurations.

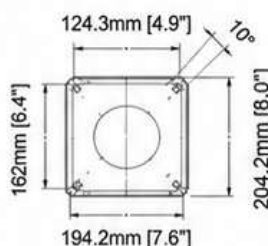

Extend the rail • Add support poles • Build larger multi-screen layouts
Build the perfect solution for your space.
